*San Cesario sul Panaro, 21 October 2021 - Pagani Automobili has presented its new Calendar, entitled 2022: The Year of the R, dedicated to the latest creation from the Pagani Atelier.*

The spirit of the Huayra R, a car whose mission is performance, is interpreted by Portuguese artist Ricardo Santos, a well-known illustrator and author of countless covers for the top motoring magazines.

Santos has chosen six themes to portray the soul of the Huayra R; six viewpoints illustrating what he describes as "*a fierce vehicle*". "*The Le Mans 24 Hours, a unique race, provided me with the inspiration for the project, to show the speed, fluid design and cutting-edge technology that makes the hypercar a concept of the highest level*", said Ricardo Santos.

Created with computer graphics, the six images are accompanied by comments from Horacio Pagani and Ricardo Santos in an ideal two-voice dialogue.

*"The 2022 calendar is meant to be an experience of shared beauty. A collector's item for people who enjoy living in a harmonious and exclusive environment, who appreciate the visual beauty expressed by a line, whether it is the line of a car body or the decisive stroke of an illustration. Because art and beauty are territories with no place for boundaries and barriers, they are pure passion that is unbridled, impetuous and all-embracing, like the soul of the Huayra R. An essence that Ricardo was able to capture and interpret with great creativity."* - Horacio Pagani.
